

2007 International Rare Earths Products & Technology Exchange Exhibition Invitation Letter

Time: August 7-9, 2007

**Place: The Personnel-recruiting Market of Baotou Rare Earth Hi-tech Zone
(North of the Rare Earth Building)**

**Sponsors: The Administration Committee of Baotou Rare Earth Hi-tech Zone
Baotou Administration Bureau of Science and Technology**

I. Objective and Significance

The Fifth International Conference on Rare Earth Development and Application, organized by the Chinese Society of Rare Earths (CSRE), is one of the most important academic symposium. There will be more than 40 experts, academicians and enterprisers with regard to the fields of rare earths research and industries from over 10 countries and regions worldwide getting together in Baotou. The exhibition together with the conference will provide an ideal platform and good opportunities to the RE enterprises at home and abroad to make presentations, extend products and seek market partners.

II. Extent of Exhibition:

1. Products related to rare earths such as newly developed advanced materials, new technology, new products including RE magnetic materials, RE luminescent materials, RE catalyst materials, RE functional materials, RE permanent magnet motors, motor-assisted bicycles, RE nickel-hydrogen power batteries, and fluorescent lamps etc.
2. Facilities and equipments concerning the research and production of rare earths such as RE production equipment, RE analysis and testing equipments, raw materials and supplementary materials, and reagents etc.

III Booth and Charging Standards

1 Standard Booth: 4×1.8 (7.2 m²) 3,000 RMB Yuan/per

Booths Include: company's name plate in Chinese and English; 3-side booth walls; 1 table, 2 chairs, and one 220V electrical outlet.
